

Damien Bennett

Creative Production and Workflow Automation

Columbus, OH | artbydamienb@gmail.com | 614-745-5945

Professional Summary

Creative production and prepress professional developing Adobe Illustrator automation for artwork preparation, color separations, quality assurance, and batch export. Combines hands-on print production with scripting and independent web development. Seeking remote creative production, workflow automation, and production systems roles.

Technical Skills

Adobe Illustrator • Photoshop • Illustrator scripting • JavaScript (JSX/ExtendScript) • Workflow automation • Batch processing • Prepress and print production • Color separations • Quality assurance (QA) • Digital asset management (Adobe Libraries) • HTML/CSS • CSV and Google Sheets workflows

Professional Experience

Hybrid Digital | Prepress Technician

Columbus, OH | June 2025–Present

- Prepare apparel graphics and color separations in Illustrator and Photoshop; maintain shared Pantone and asset catalogues in Adobe Libraries.
- Developed a seven-stage JSX/ExtendScript workflow automating color consolidation, underbase creation, choke offsets, spot-color assignment, and selective knockouts in Illustrator.
- Built visual prepress QA scripts for gap and line-weight review, using colored overlays on duplicate artwork and reporting skipped objects and processing failures.
- Automated batch export of transparent 300 PPI separation PNGs and conversion of AI files to editable PDFs, with source-file preservation and completion reporting.
- Created a macOS workflow logger capturing timestamped Illustrator keyboard and mouse events for process analysis.

Freelance Graphic Designer

Remote | February 2024–June 2025

- Delivered branding, illustration, digital assets, and print materials for remote clients while maintaining brand consistency.

Mojo Sportsgear | Graphic Designer

Columbus, OH | August 2022–February 2024

- Converted 200+ supplied raster artworks using Adobe Illustrator while following client brand guidelines.
- Prepared color separations for 300+ print projects, including simulated-process separations and multicolor registration marks.

M/I Homes | Graphic Designer

Columbus, OH | April 2019–July 2022

- Created icons, logos, animated social graphics, and assets for team brand campaigns.

Independent Project

AmazinSaver | Sole Creator

Archived project • Source available for review

- Built an HTML/CSS/JavaScript deal-discovery website with category search, new and expiring offers, countdown timers, promo-code copying, and a Google Sheets CSV feed.
- Created a web-scraping and CSV data-enrichment workflow for Amazon promo codes, using Google Sheets to organize intake, review, publication, and archiving.

Education

Bachelor's degree in Visual Communication — The Art Institute

Associate in Science — Pittsburgh Technical College
